Governance

Ingram Micro's principle of Integrity states: "We employ the highest ethical standards, led by honesty, fairness and dignity in every action that we take, everywhere, every time, with everyone." Just as important is the principle of Responsibility: "We say what we do and we do what we say. We are responsible for our individual and team actions, meeting our customer and financial commitments, and recognizing our social, community and environmental responsibilities." Building upon the company's tenets of success and upon long-standing company policies of legal and ethical compliance, the company is committed to the highest standards of legal and ethical conduct as set out in its [Code of Conduct](#) (available at <http://www.ingrammicro.com/>).

Corporate Responsibility

Ingram Micro began implementing a comprehensive global CSR program in 2016. Our early initiatives primarily focused on direct impacts, but expanded to include our supply chain in late 2017. To learn more about our efforts related to environmental impact reduction, labour practices and human rights, and fair business, please visit our corporate sustainability pages.
